THE STORY OF MERRY GARDENS IS OUT

It was printed in the April issue of Down East Magazine (a magazine of Maine). For our customers who did not have the opportunity to read the magazine we are having reprints made so that you can read for yourself how we started 18 years ago with a tiny pit greenhouse and have grown to our present size of three large greenhouses, a plastic show house and buildings adequate for our many operations. It will tell you all about how we pack and ship your orders. Please send 15¢ and stamped addressed envelope to cover cost if you are interested in getting the 5-page illustrated story of "MAINE'S MERRY GARDENS" or we can tuck it in with your order.

???DID YOU OVERLOOK THESE IN OUR CATALOG???

Nice plants are available this fall
